

Manual test plan for Cider

Start the frontend and visit <http://localhost:3000/>

You should see this

If you click on the different tabs on the top, you'll be able to switch between pages. Try this, and then go to the sign-up page:

Try entering in an invalid email address and hit enter/sign up. You'll get an error that looks

like this:

! Please include an '@' in the email address. 'xvcv' is missing an '@'.

Try entering a valid email address, and mismatched password and confirm password. When you try to submit, it'll fail by turning the password fields red, like so:
